

## **CVS/PHARMACY GRAND OPENING IN METRAMARKET**

CHICAGO – CVS/pharmacy, the nation's largest retail pharmacy chain, with approximately 6,900 stores celebrated the grand opening of its newest downtown Chicago location in MetraMarket on September 20, 2009.

Located on the northeast corner of Washington and Clinton, the approximately 14,010 square feet CVS/pharmacy will provide convenient health and retail products and services to thousands of area residents, downtown workers, Metra commuters and tourists.

The opening of CVS/pharmacy marks the first tenant opening within MetraMarket, a unique 100,000-square foot restaurant and retail development now under construction that will energize and enliven Chicago's West Loop neighborhood. CVS/pharmacy will be joined shortly by Chicago French Market, the city's first year-round market, and Espression by Lavazza, a genuine Italian café experience offering Chicagoans innovative coffee beverages and a creative café menu.
